

The NYNC approach to a manicure or pedicure was a little different to that of the UK. From early morning, through lunch and late evening, it's a walk-in, no appointment necessary, 25 minute experience. Yet customer attention and Comfort levels are still vital. So on the one hand, robust functional and sleek, whilst on the other, a place of pampering and comfort where Customers will want to return. Quilted stainless steel, glass and chrome passed the robustness test and sit well alongside the luxury of the Sunken glass basins, UV drying stations and bespoke manicure tables.

(Working alongside the Formation CC on graphics and identity)
